

Royal Family of the United States

The Bush family are mass murdering tyrants and the highest level political family in the United States meaning basically all politicians take orders from them. The Bushs are mass murderers and the primary owners of the Military Industrial Complex and they are making continual war on society. The Bushs are American descendants of the German House of Bussche. The Bussche family ruled as feudal lords in the regions of Ravensberg and Osnabruck located in Westphalia and ruled in regions of Lower Saxony. The House of Bussche had several family branches in the Holy Roman Empire and the Bush family are one of them. Count Alhard von dem Bussche-Kessell, Count Philip Freiherr von dem Bussche, Countess Victoria von dem Bussche and Count Eberhard Clamor Freiherr von

dem Bussche-Hunnefeld are current members of the German House of Bussche. Count Alhard owns a large amount of land in Germany and also owns Schloss Neuendorf Castle. The family has been heavily involved in the military and the Order of St. John. The German word for Bush is Busch. Both the Bush political and banking family and Busch brewing family are related to the German Bussche family. In the Bussche's region of Osnabruck it was governed by Catholic Prince-Bishops which were given their authority by the Pope of Rome. The movement of protesting against Roman-Papal authority rose up in Osnabruck so they brought in the Jesuits to combat the protesters of Rome. The University of Osnabruck was then turned into a Jesuit University for a short period of time. Jeb Bush is a Roman Catholic convert and a fourth degree Knight of Columbus. Bush Sr's grandfather George Herbert Walker was Jesuit educated from Stonyhurst College. Adolphus Busch and his family are also related to the German Bussche family and he was the co-founder of the Anheuser-Busch beer company. August Busch III, August Busch IV, and Steven Busch are current members of this large and wicked family which is believed to be worth about 13 billion. The Sons of Silence biker gang use the Anheuser-Busch logo and they have established chapters in Germany. The Bussche family of Germany are have also intermarried with German nobility like the Amsberg and Mecklenberg families. The von dem Bussche family are closely allied with the House of Hesse, House of Hohenzollern, and especially the Hardenberg family with the banker Count Andreas von Hardenberg and Count Carl von Hardenberg as current members.

The Peirce name from Barbara Pierce-Bush comes from the Percy family who are British Peers and the Dukes of Northumberland. The Percy family settled a covert family branch in Mississippi which became politicians and plantation owners with their Trail Lake plantation. Thomas Walker was an ancestor of the Bush family and was a British slave trader. John and Francis Walker were politicians in Virginia that helped to transform the Virginia Company into the United States which is defined as a corporation under US code 3002 section 15. I believe the Walker family are closely related descendants of the Templar family of Devon which take their name from the Knights Templar. The Bush family are like the royal family of the United States working as imperial princes under the authority of the British-Germanic House of Windsor. George Herbert Walker Bush was a Knight of the House of Windsor's Order of the Bath. George Herbert Walker Bush was also a Knight of Merit of the Republic of Germany. The CIA headquarters is called George Bush Center for Intelligence because the Bush family have a continual authority over DC and the CIA as the highest level political family in the United States. The current CIA Director is Gina Haspel and she was born

Gina Walker. Some members of the Bush family include the businessmen Marvin Bush and Neil Bush the sons of George HW Bush as well as George Prescott Bush who is a real estate investor and Texas Land Commissioner. The Bush family also run the charity racket called the Points of Light. Joe Ellis is the President and CEO of the Denver Broncos and his uncle was George HW Bush. There is a demonic statue of a bronco at the Denver International Airport called the Blue Mustang. There are also images depicting a future holocaust at the Denver International Airport. The Sons of Silence motorcycle gang were founded in Colorado. Neil Bush was a member of the board of directors for Silverado Savings & Loan which was based in Denver, Colorado. Neil Bush was fined \$50,000 for his involvement in Silverado Savings & Loan's corruption scandal.

Axel von dem Bussche was a Nazi soldier who "planned to assassinate Adolf Hitler" which is just another one of the many lies told by this wicked family similar to "weapons of mass destruction in Iraq." There were no weapons of mass destruction in Iraq and there was no legitimate and organized plot to assassinate Hitler. Erich von dem Bussche-Ippenburg was present during Hitler's Reichswehr meeting on February, 3 1933. The German royal and noble families helped to engineer Hitler and the Nazis. Most major Holy Roman bloodlines of royalty and nobility were publically involved with the Nazi military and Nazi party. The Windsor family changed their name under King George V who was from the House of Glucksburg and House of Saxe-Coburg and Gotha and both of these families were involved with the Nazis. King Edward VIII of the House of Windsor was a Nazi supporter and met with Adolf Hitler. The father of George Herbert Walker Bush was Prescott Bush and his Union Banking Corporation was holding gold for Nazis during WWII and was shut down under the "trading with the enemy act" and this act is still partly active today which implies the US president has wartime powers which should only exist during times of war. J. Bush & Co. was a like a continuation of the Union Banking Corporation and founded by Skull and Bonesman Jonathan Bush. J. Bush & Co. was bought by Riggs Bank which absorbed into PNC Financial Services after allowing money laundering into Saudi Arabia. George Walker Bush was investigated for insider trading of shares in Harken Energy Corp which purchased his Spectrum 7/Abrusto Energy company which was financed by James Bath a business associate of the bin Laden family. The Bush family were deeply involved with the false flag and domestic terrorist attack 9/11 which they used to create the Department of Homeland Security. George Webb is a covert DHS and Bush agent that is paid to spread propaganda like Muslims are the source of corruption in DC. George Walker Bush had a meeting with King Juan Carlos of Spain. The royals of Spain own the Mexican drug cartels and their meeting

was a continual drug deal between Spanish royal's cartels in Mexico across the Texas border. Laura Bush's mother was a Hawkins. The Spanish royals are also married with the Hawkins family. Queen Sofia of Spain the wife of King Juan Carlos was originally from the Greek House of Glucksburg. The Bushs are related to the Byzantine Vatatzes family and their name means a Bramble Bush. The Bushs work with the Greek Velentzas crime family in New York which work under the Lucchese crime syndicate.

Vannevar Bush oversaw the Manhattan Project as the head of the Office of Scientific Research and Development and was also the founder of Raytheon. Raytheon is a major defense contractor in business with the Department of Defense and develops Directed Energy Weapon systems like their Active Denial System. Steven Walker is the Director of DARPA today. Peter Highnam and Ralph Sandfry are also high level DARPA agents. DARPA was involved in developing Tor a browser for the deep web which is primarily used for child porn and snuff films since everything else can be done and found on the common web or surface web. The Deep Web is a DARPA program and managed by criminal hackers working with the military and intelligence agencies and it is completely tracked and surveilled by criminals in the military and NSA and it is used for initiating and recruiting criminals through blackmail and sadism. Wesley G. Bush runs Northrop Grumman as CEO, President and Chairman and several members of the Bush administration have been executives or shareholders in Northrup. The Bush family basically own and run the Military Industrial Complex and are using Directed Energy Weapons on civilians. Thomas Waldhauser is a current US Marine Corps General and Commander US Africa Command located in Germany. Waldhauser has German ancestry. and is loyal to the Bushs. James Foggo III is a current US Navy admiral and agent of the Bush family. The name Foggo is an Anglo-Saxon name. Dan Coates was US Ambassador to Germany under Bush Jr and is the Director of National Intelligence under Trump. Prescott Bush, George Herbert Walker Bush, the banker Jonathan Bush, and George Bush were all initiated into the Skull and Bones secret society at Yale. John M. Walker was the uncle of George Bush Sr. and also Skull and Bones. Busch Entertainment Corporation was sold to Blackstone Group which was founded and partly owned by the multi billionaire and Skull and Bonesman Stephen Schwarzman who went to Yale the same time as George Walker Bush. John Walker was an investment banker whose firm G.H. Walker, Laird & Co. absorbed into Merrill Lynch. The Nazi SS used the Skull and Bones symbol. Erich von dem Bussche-Ippenburg was a member of the Liebmann Meeting with Adolf Hitler. The Skull and Bones secret society at Yale is a military council which is why George Bush Sr. started the Gulf War and George Bush Jr.

started the wars in Afghanistan and Iraq. The Bush family are war profiteers. The Skull and Bones also use military and war for recruiting soldiers into paramilitary death squads which are used inside the United States for persecution and covert assassinations. The Bush family and Vatican hired a contract killer to attempt to murder me in a staged robbery gone wrong however their contract killer ran away because I was armed. The Bush family are mass murdering war criminals, terrorists, white collar criminals, war profiteers, and an all around menace to humanity. The Bush family are statistically the most modern murderous bloodline on the planet from their Persian Gulf War, US sanctions on Iraq, drone strikes, Afghanistan War, and Iraq War.

Count Alhard von dem Bussche-Kessel on the right is a top member of the Von Dem Bussche family of Germany and a commander over Nazis which have infiltrated various governments and militaries. Count Alhard owns Neuenhof Castle which was used by the Nazis for prison labor.

Neuenhof Palace is one of Lüdenscheid's art historical and historical monuments. The moated castle is located in the south of the city in Elspetal. From the B 229 is a signposted road. Since the property is

inhabited by the **owner Alhard Graf of the Bussche-Kessell**, the interior can not be visited.

POWs and forced laborers were housed in 1943 and 1944 in the forestry of Neuenhof Palace and treated inhumane after later testimonies. After the Second World War, large parts of the manor house were seized many years by the Belgian Military Command.

Count Eberhard Clamor Freiherr von dem Bussche-Hunnefeld is a German politician. The von dem Bussche family have a close alliance with the Hardenberg family of Germany.

Countess Viktoria von dem Bussche is an extremely evil member of this family and a sadistic witch and alchemist who specializes in extracting poisons and chemicals from plants and flowers used for chemical warfare on society. The American Bushs and Medicis also have a covert alliance. The Medicis were the developers of modern alchemy and owned botanical gardens in Italy. The Medicis taught the Von Dem

Bussches alchemy.

Axel von dem Bussche was a German Nazi soldier that was involved in the fake plot to assassinate Hitler. Look at the evil smirk on his face. He claimed to be involved in a plot to assassinate Hitler. They recruited legitimate opposition against Hitler and then set them up for executions while pretending to be against Hitler and then after the war took credit for opposing Hitler. Prescott Bush the grandfather of George Walker Bush was a board member of the Union Banking Corporation which was seized by the federal government under the "Trading With The Enemy Act" for its involvement in aiding the Nazis during WWII. The Trading With The Enemy Act is still active which implies the US is in an active war since WWII which makes sense since the US is constantly invading foreign nations.

Bush bank tied to Nazi funding

President Bush's grandfather was a director of a bank seized by the federal government because of its ties to a German industrialist who helped bankroll Adolf Hitler's rise to power, government documents show.

Prescott Bush was one of seven directors of Union Banking Corp., a New York investment bank owned by a bank controlled

by the Thyssen family, according to recently declassified National Archives documents reviewed by the Associated Press.

Fritz Thyssen was an early financial supporter of Hitler, whose National Socialist German Workers' Party (Nazi) Mr. Thyssen believed was preferable to communism. The documents do not show any evidence that Mr. Bush directly aided that effort. His position with Union Banking never was a political issue for Prescott Bush, who was elected to the Senate from Connecticut in 1952. Union Banking was seized by the government in October 1942 under the Trading with the Enemy Act.

WASHINGTON — In a stinging rebuke, the nation's top thrift regulator said Thursday that **Neil Bush engaged in serious conflicts of interest as a director of a defunct Colorado savings and loan** and failed badly in his duty to demonstrate "candor and loyalty."

T. Timothy Ryan Jr., director of the Office of Thrift Supervision, **upheld an administrative law judge's ruling that Bush behaved improperly as a director by keeping hidden his business dealings with major borrowers of Silverado Banking, Savings & Loan Assn. in Denver.**

Federal regulators have cited three instances of **conflicts of interest** in which, they say, **Mr. Bush failed to adequately disclose his involvement.**

They include Mr. Bush's vote to approve more than \$100 million in loans to Bill Walters, a business partner; his recommendation for a \$900,000 line of credit for a joint venture between his company and another business partner, Kenneth Good; and his **failure to notify fellow directors that Mr. Good was contemplating a \$3 million investment in Mr. Bush's oil exploration company** at a time when Silverado allowed Mr. Good to reduce his debt to the savings institution by \$8.5 million on the grounds that he was approaching insolvency.

In July 1999, Bush made at least \$798,000 on three stock trades in a single day of a company where he had been employed as a consultant. The company, Kopin Corporation of Taunton, Massachusetts, announced on the same day good news about a new Asian client that sent its stock value soaring. Bush stated that he had no inside knowledge and that his financial advisor had recommended the trades. He said, "any increase in the price of the stock on that day was purely coincidental, meaning that I did not have any improper information."^[19]

When asked in January 2004 about the stock trades, Bush contrasted the capital gains he reported in 1999 and 2000 with the capital losses on Kopin stock he reported (\$287,722 in all) in 2001. In 2001 Kopin joined a broad decline in high-tech stock valuations.^[20]

Jonathan Bush Jr. is a ruthless sadist that was the CEO of Athenahealth which is a medical company. Jonathan Bush is an alchemical tormentor and a top authority over Luciferianism. The Bush banking family reside in Greenwich which is one of the wealthiest regions in the United States. There were no planes that hit buildings on 9/11.

The planes were digitally added in and synced with the placed timed explosives. Videos slowed down show the planes passing right through the Twin Towers with no interference and then being made translucent and you can see the remnant of the digitally added plane continue to fly out the other side. The Harken Energy folks are not the only Texas-based colleagues of George W. Bush with fortuitous, if not extraordinary, Arab connections. Another is the mysterious Houston businessman **James R. Bath**, a **deal broker whose alleged associations run from the CIA to a major shareholder and director of the Bank of Credit & Commerce International.** The President's son has denied that he ever had business dealings with Bath, but early 1980s tax records reviewed by TIME show that **Bath invested \$50,000 in Bush's energy ventures** and remained a stockholder until Bush sold his company to Harken in 1986.

Bath opened his own aircraft brokerage firm in 1976, but his Middle East connections first surfaced two years later, when he became a shareholder and director of Houston's Main Bank. **His fellow investors were** former U.S. Treasury Secretary John Connally; Saudi financier Ghaith Pharaon, an alleged B.C.C.I. front man; and **Saudi banker Khaled bin Mahfouz, who subsequently became a major B.C.C.I. shareholder.**

George W. Bush's father is president. George W. Bush denies any connections to Saudi money. What becomes of this investigation is unclear, but no charges are ever filed.

The Bush family dominate the Military Industrial Complex with their relatives running the CIA and DARPA and their relative Vannevar Bush establishing Raytheon and running the Office of Scientific Research and Development which worked on the Manhattan Project. The **Active Denial System**, also known as ADS, is basically a non-lethal, **directed-energy weapon** developed by **Raytheon** for the U.S. military. Its main purposes are area denial, perimeter security and crowd control. Sometimes, it's referred to as a ray gun since it works by heating the surface of targets, such as the skin of targeted human subjects. Raytheon is currently marketing a reduced-range version of this technology.

The Bushes and the Walkers

David Walker's son **George Herbert Walker**, born in St. Louis in 1875, was raised like a Midwestern prince. **Bert Walker, as he was known**, had both a nurse and his own valet. In the summer, the family would travel by private train car to the coast of Maine. The valet went with **Bert to Stonyhurst, the Jesuit boarding school in England**, where his mother sent him, out of concern that **Catholic education** in St. Louis was too dominated by ill-bred German immigrants.

Barbara Bush is an extremely evil member of the Bush family and she is involved in torturing and murdering children as well as managing female gang stalking cults in the United States like Ashley Esther Dalene. It is blatant Barbara Bush is evil based on her evil grin. No normal person smiles like that.

George Walker Bush is a mass murderer and war criminal that needs to be executed. George Walker Bush is a mass murderer that needs to be publicly executed. The Bush family have been plotting a holocaust in the United States and after this was exposed they have been on a rampage of vicious attacks. George Walker Bush needs to be dragged out of his ranch and burned alive and anyone who interferes needs to be burned alive with him. George Bush will be getting erased out of existence like his creepy pedophile father was who is now eternal dust despite their efforts to cover this up. They use a program that mimicked Bush Sr's consciousness into an artificial intelligence system which they impose through electronics and HAARP to make people who are aware of George Sr.'s style of attacks think he still exists. After they ran this program the other day they started claiming George HW Bush reincarnated which is false since he is dust and eternally dead which is the reason the Bushs are on a rampage of attacks. They did this same thing with Prince Nicolo Boncompagni Ludovisi as well after he died and got erased out of creation. They want to create the illusion that evil is eternal but it is not.

https://en.wikipedia.org/wiki/Sanctions_against_Iraq

The sanctions against Iraq were a near-total financial and trade embargo imposed by the United Nations Security Council on Ba'athist Iraq. They began August 6, 1990, four days after Iraq's invasion of

Kuwait, stayed largely in force until May 2003 (after Saddam Hussein's being forced from power),[1]

<https://news.nationalgeographic.com/news/2013/10/131015-iraq-war-deaths-survey-2013/>

The survey responses point to **around 405,000 deaths attributable to the war and occupation in Iraq from 2003 to 2011**. At least **another 56,000 deaths should be added to that total from households forced to flee Iraq**, the study authors estimate. More than 60 percent of the excess deaths of men, women, and children reported from 2003 to 2011 were the direct result of shootings, bombings, airstrikes, or other violence, according to the study. The rest came indirectly, from stress-related heart attacks or ruined sanitation and hospitals.

With a story about **"key officials of the Reagan and Bush administration" involved in a "callboy ring,"** the Washington Times in late June seemed poised to give this town the one thing it adores -- a summer scandal. But as of last week, journalists have been left debating whether the Times published a blockbuster or a "blockbluster," as one critic put it. The story is intriguing -- involving male prostitution and a lobbyist who used parties to promote his business connections and business connections to promote his parties.

The Post had written stories on the raid a month before the Washington Times broke its story on June 29 with the large Page 1 headline reading **"Homosexual prostitution probe ensnares officials of Bush, Reagan."** The first reaction at The Post was to decide that the Times story was interesting but not worthy of the all-out assault given other breaking stories -- such as the unfolding scandal at the Department of Housing and Urban Development.
